

MEMORANDUM FOR: Deputy Director for Intelligence
Deputy Director for Administration
Deputy Director for Science and Technology
Deputy Director for Operations
Legislative Counsel

FROM : E. H. Knoche, DDCI

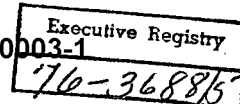

SUBJECT : Responses to the SSCI

AT 1. As you may be aware, the DCI has charged [] with
the task of assuring proper coordination of responses to the SSCI on
matters which involve more than one intelligence organization, and has
appointed [] to be Chairman of an inter-Agency Ad Hoc
Coordinating Group to facilitate such coordination. This group has
met on only one occasion, 12 August 1976, to discuss SSCI concerns
regarding production and publications. However, it is anticipated that
the group will meet more frequently in the future and may have increasing
responsibilities.

AT 2. With the concurrence of the Legislative Counsel, I hereby
appoint [] as the CIA representative to this group.
Please insure that he is made aware of SSCI requests for information and
support that would pertain to the responsibilities of the Ad Hoc Coordinating
Group and give him you full support when he requires it.

E. H. Knoche

MEMORANDUM FOR: Legislative Counsel

FROM:

:

A/DDCI

SUBJECT : Ad Hoc Coordinating Committee for Responses to the SSCI

1. Attached is a package of correspondence on subject. As you will note, this coordinating committee was originally established to respond to SSCI queries in the intelligence production field. For that reason, [redacted] of DDI was designated as the Agency representative. However, the Director's memorandum of 14 October indicates that this Committee will deal with across-the-board Intelligence Community concerns. Therefore, it is the DDCI's feeling that the OLC should provide the CIA representative to the Committee.

2. If you will let me know the name of the individual you select, I will draft a short memo on the subject to the IC Staff and the Deputy Directors for the DDCI's signature.

NOTE FOR: DDCI *[Handwritten signature]*

SUBJECT : Ad Hoc Coordinating Group for Responses to SSCI

AT
AT
AT
AT
1. Regarding your attached note: The membership of the Ad Hoc Coordinating Committee is attached as Tab A. You will note that the CIA representative is [redacted] You will also note this is not a new Committee, although it has held but one meeting to date, 12 August 1976. At this meeting the organization of the SSCI was discussed, and consideration was given to the interests of the Subcommittee on production and publications.

AT
AT
AT
2. I asked [redacted] how [redacted] was selected [redacted] himself is on leave). [redacted] was not certain, but he recalled that a memorandum had been sent to NFIB Principals; he therefore assumed that [redacted] was your choice as the CIA representative. *He was, simply forgot.*

AT
3. Since the Ad Hoc Committee is intended to consider the full range of SSCI requests, [redacted] and I suggest it might be more appropriate to have an OLC body as CIA representative. If you concur, I suggest we ask George Cary to appoint someone to this position, and then (in response to the second question in your note) we could send a memorandum to the Deputy Directors informing them of the nature of the Ad Hoc Committee, and the appointment of Mr. X of OLC to be the Agency's man on it. *OK*

AT Remarks: [] since you wanted to discuss this
issue with DDCI, here is the whole package. On top is
a possible draft memo appointing [] if we decide
on him. Note at Tab A the current membership of the
committee. Impossible to tell the stature of all
concerned, but there is one Col. and one Lt. Col. Hence,
not too high powered.
